whose mind is yet unformed, needs Jackson would get the trade from the the best fashions in jewelry the teaching of one who is able to draw out all the faculties of its little mind with skill and judgment, and form them in the mould which will be preserved in its mould which will be preserved in its outlines throughout life. It certainly outlines throughout life. Huntingdon, this route of coral, Turquoises are fast coming the best fashions in jewelry: fine corals are always in demand, light sandes of pinks especially so; good grades selling at \$250 per ounce, while some exceedingly choice and thousand dollars each year. So long as the road terminates at the Fayette designs with small diamonds are used as settings for the finest grades.

SAFE-BLOWERS.

Burglars Hard at Houset Work at Evansville. requires as much tact to teach the children of tender years as those whose minds are formed sufficiently to judge and discriminate for themselves. The primary schools require as much labor and judgment as the higher schools. Women should be paid as liberally as men for doing the same liberally as men for doing the same liberally as men for doing the same of the direct road to Nashville, through Jackson until a connection was long to Nashville, through Jackson until a connection was long to Nashville, through Jackson until a connection was long to Nashville, through Jackson until a connection was long to Nashville, through Jackson until a connection was long to Nashville, through Jackson until a connection was long to Nashville, through Jackson until a connection was long to Nashville, through Jackson until a connection was long to the finest grades of coral. Turquoises are fast coming into notice, though the demand for stones of any size is rare. Very elegant brooches, made up of small stones, cut in a peculiar form, are being used. The taste for enamels is into notice, though the demand for stones of any size is rare. Very elegant brooches, made up of small stones, cut in a peculiar form, are being used. The taste for enamels is into notice, though the demand for stones of any size is rare. Very elegant brooches, made up of small stones, cut in a peculiar form, are being used. The taste for enamels is increasing. Designs from Boucher and the safe blown open. The burglars got between \$300 and \$1200 in plunder, about \$200 being county bonds.

NINE HOURS.

this road with

CHEAP FREIGHTS

This is virtually a premium on ignorance, a gross indignity upon a profession—which has virtually at its disposal the future of the youth of the country. We understand that a petition has been circulated in Memphis requesting the Board of School Visitors to give the same salary paid men to the temale teachers who perform the same labor. We trust this matter will be agitated by the ladies until they secure justice. Because a woman cannot vote, that is no reason that discriminations should be made against her and in favor of men simply because they are endowed with the elective franchise.

This is virtually a premium on ignorance, a gross indignity upon a profession—which has virtually at the production very rapidly on its whole line, until there would be a continuous garden from Memphis to Jackson a petition has been circulated in Memphis would both be greatly and the population. The business of Jackson and Memphis would both be greatly any mented, and if any road would pay dividends, this would be the road. We prefer that the road should be made against her and in favor of men simply because they are endowed with the elective franchise.

This road with crease population and stimulate with single rows of pearls or with diamonds. In no branch of the fashion, it ade has such an improvement been made as in the selection of cameos. Rough work, or careless drawing, or superos, find hardly any sale. The revolution in diamond setting, any young man should make a match with her thus filled, would she be or custers of small stores, seems to be gaining ground. The old style of Louis XV, of using silver, as more in a periodic to the troad should be made a copie of diamonds. In no branch of the first day has as an in in rede has such an improvement been made as in the selection of cameos. Rough work, or careless drawing, or careless drawing, or careless drawing, or country and prevented to have been quite cured of consumption. The business of Jackson and Memphis would be the road. We prefer t

TONTINE INVESTMENT POLICY PLAN

ow offered by the New York Life Insurance Company, which so combines the Tontine le in the distribution of surplus with Ordinary Life Endowment Assurance as to itality and persistence in payment of premium entitie them. The estimated rost to upon this class of policies appended hereto have been examined, and are indorsed by the stinguished Actuaries, SHEPPARD HOMANS, Esq., and E. W. BRYANT, Esq., from

"The benefits you propose to extend to those selecting this class of policy are more varied in their character and advantages the are afforded by any plan of insurance now is use by any company within my knowledge, and are man as can not fail to render the Tontine investment Policy a popular, safe and highly remunerative term of insurance. Very truly yours, SHEPPARD HOMANS, Consulting Astnary," "I have no heditation in saying that I think it more probable that the actual results

will exceed than fall short of your estimates. "The various advantages of this form of policy are well presented in the director explaining it; and I notice among them several methods of applying the surplus which do not appear to have ever been offered by any other company. Yours truly, " EDWIN W. BEYANT, Consulting Actuary."

ESTIMATED RESULTS ABOVE REFERRED TO:

Ordinary Life Pulicy, age 40, \$10,000. Annual Premium, \$313 FIRST BENEFIT.

outine Period, 10 years, annuity for life combined with dividend, outline Period, 15 years, annuity for life combined with dividend, outline Period, 20 years, annuity for life combined with dividend. Forster, Kealhofer & Co. Thus at ead of 15 years' period the annuity will pay the premium and leave a surplus for increasing income. SECOND BENEFIT. To withdraw the accumulated profit in cash.

atine Period, 10 years, 57 per cent. of premiums paid Seturned https://doi.org/10.1016/10.1016/2011. https://doi.org/10.1016/2011. https://doi.org/10.1016/2011. https://doi.org/10.1016/2011. THIRD BENEFIT. Sale of Policy to the Company.

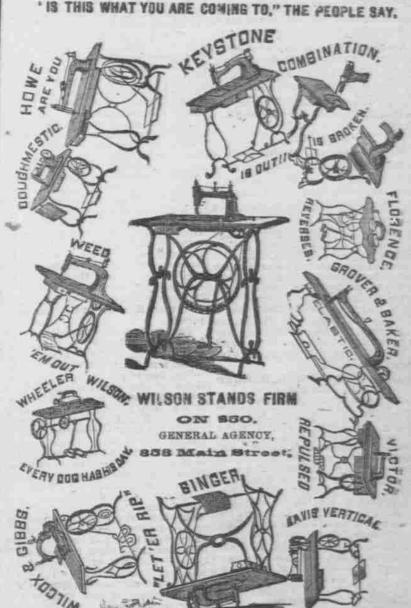

> FOURTH BENEFIT. Paid-up Policy.

FIFTH BENEFIT. Sale of Policy and Purchase of Annuity for Liv
